Sir,

Sub: Tuberculosis - Govt. Tuberculosis Sanatorium, Mudushedde - Increase of bed strength - Regarding.

Ref: G.C.Ms.No.2780 Health dated 3-9-55. (A)

In the G.C. cited Government have ordered the increase of bed strength of the Tuberculosis Sanatorium, Mudushedde from 40 to 47. The District Medical Officer, South Kanara has since reported that the demand for beds in the Sanatorium is great and three more beds can be accommodated in the Verandah of the female ward which is fully protected with shutters. The District Medical Officer has stated that he can transfer temporarily 3 cots, and bedside lockers from the Lenlock Hospital for the present and the bed strength of the Sanatorium can be further increased by ~~two~~ three i.e., 47 to 50 without any extra expenditure to Government except for diet and drugs. In view of the long waiting list of patients seeking admission, the District Medical Officer has stated that he is taking steps to admit three more female patients in anticipation of Government Sanction. A copy of letter No.11035-C2/55 dated 13-12-55 received from the District Medical Officer, South Kanara is enclosed for the information of Government.

In the circumstances explained, I request that the Government may be pleased to sanction the increase of bed strength of the Tuberculosis Sanatorium, Mudushedde from 47 to 50 and ratify the action of the District Medical Officer, South Kanara in having admitted three more patients in anticipation of Government Sanction.

Yours faithfully,

for Director of Medical Services.

Copy of letter C..o.11035/32/55 dated 13-12-55 from the District Medical Officer, South Kanara, Mangalore.

(A) Ref: G.O.No.2780 Health dated 3-9-55 communicated in your endorsement P..o.388-E3/55 dated 10-9-55.

Since the bedstrength of the Government Tuberculosis Sanatorium, Kallada, is increased to 47 in the Government order cited, there has been a great demand for beds and the waiting list is growing longer. Also the patients are feeling much by have to wait a very long time before they actually get admission and in many cases their condition has grown worse or they have already succumbed to the disease.

On further examination, three more cots can be accommodated in the verandah of the female ward which are fully protected with shutters. I can transfer temporarily 3 cots and bedside lockers from the Lanlock Hospital for the present. In such there will be no extra expenditure to Government except for drugs and diet.

I am taking this step to admit more female patients in view of the long waiting list. I request you to kindly approve of the steps being taken by me in anticipation of approval.

In this connection I wish to mention that I am corresponding with the Secretary, District Soldiers, Sailors & Airmens Board, Mangalore and intend submitting proposals for additional buildings and accommodation.
